

2018 INNOVATION CHALLENGE: WASTE SOLUTIONS

A Design Sprint for Students to Shrink Our Waste

April 14, 2018, 9AM-1PM

What is the Innovation Challenge?

During this one-day Design Challenge students will work to design, test, and present their own unique, innovative solutions to reduce waste in schools, and build their understanding of waste, recycling problem-solving, and technology skills.

What Can I Expect?

During the Innovation Challenge, students will:

- Learn more about solid waste in our communities
 - Form small design teams and brainstorm solutions
 - Design working prototypes of their waste-reduction innovations
 - Work with mentors who are regional experts
 - Deliver a pitch to a panel of judges
 - Earn the chance to be crowned the **2018 Top Innovator!**
- Snacks and lunch will be provided throughout the day.*

Who Can Participate?

This is a great opportunity for a maker club, business class, green team, or simply for students who love inventing stuff. Participation is free to students from St. Louis City and County, St. Charles County, and Jefferson County.

When: April 14, 2018 9AM-1PM

Where: T-REX

911 Washington Avenue
St. Louis, MO, 63101
